This manual was developed by the U.S. Environmental Protection Agency through contract no. 68-C3-0303 with Tetra Tech, Inc. The project manager was Alice Mayo, USEPA Office of Wetlands, Oceans, and Watersheds. Principal authors include Margo Hunt, USEPA Region 2; Alice Mayo, USEPA; Martin Brossman, USEPA; and Abby Markowitz, Tetra Tech, Inc.

The authors wish to thank the many reviewers who provided constructive and insightful comments to earlier drafts of this document. This guidance manual would not have been possible without their invaluable advice and assistance.

Original illustrations by Dave Skibiak and Emily Faalasli of Tetra Tech, Inc., and Elizabeth Yuster of the Maryland Volunteer Watershed Monitoring Association.
